Los Cancioneros Schedule Concert

Los Cancioneros, mixed chorus from the Southwest area, will present the 13th annual spring concert at the Redondo Union High School Auditorium May 31 and June 1.

Mrs. Barbara Mabin, director of the chorus, will open the concert with the "Gloria" by the 17th century composer, Antonio Vivaldi. This will be followed by a tribute to the contemporary French composer, Francis Poulenc, who died early this year. The chorus will sing his "Exultate Deo" and the "Tenebrae Factae Sunt."

Closing the first group will be Anton Bruckner, "Te Deum" with solo quartet: Irene Roberts, soprano; Mary Alice Brown, contralto; Thomas H. Mabin, tenor, and William H. Beckman, bass.

Following the first intermission, Jerry Goldbach, guitarist and folk singer will present music for the classical guitar and then invite the audience to join him and the chorus in "Hootenany."

Music from "West Side Story" will be the highlight of the final portion of the concert. The chorus, soloists and dancers will perform several selections with staging and sets especially designed for this

production by Ray Wallace of Rolling Hills.

Tickets for the concert are now on sale at \$2 and \$1.25. Further information and tickets may be obtained by calling FR 5-3835 or TE 3-5727. Curtain is 8:15 sharp.

Senator Engle Wants Lake Opened All Year

Kern County's Lake Isabella—the largest fresh water lake in Southern California—would be developed for year-long recreation and fishing under a proposal put forward today by Sen. Slair Engle (D-Calif.).

"This plan would help solve the growing problem of providing more recreational facilities for the people of Southern California and the Central Valley," Senator Engle said.

"In recent years, more than 750,000 people have visited Lake Isabella annually—in spite of the fact that the lake is operated fundamentally as a flood control and irrigation reservoir on the Kern River.

"And 85 per cent of these visitors to the lake—fishermen, boaters, water sportsmen and campers—are from Los Angeles County and neighboring counties in the south."

SENATOR ENGLE said that he is asking Stewart L. Udall, Secretary of the Interior, to re-evaluate the recreational potential of the lake before making any long-term commitment concerning operation of the reservoir for irrigation.

Senator Engle continued, "All that would be required to improve the recreation and fishing opportunities there would be a minimum pool year-round. This would provide for more enjoyable summer water sports, more convenient outdoor camping and better fishing.

"As it is now, the lake level drops so low that the water warms and the fish suffer."

"ADEQUATE outdoor recre-

ational opportunities are few and far between for the immense population of Southern California," Senator Engle added. "Lake Isabella is not far from Los Angeles—about a 2-hour drive—and even today, when the lake is quite often too dry for genuine outdoor enjoyment, thousands of people flock to its shores.

"The lake is a natural recreation center and it should be developed to meet its recreational potential."

Lake Isabella is east of Bakersfield. It was built as a flood control reservoir by the Army Corps of Engineers.

Casual Life Saluted by Local Store

Vying with sunshine as summer's No. 1 attraction is outdoor living. Just ask the outdoor cooking-enthusiast! With the first signs of favorable weather, he dons appropriate garb, gathers utensils and takes to the backyard for another whirl as the outdoor chef.

Saluting the Southland's casual living, The Broadway Del Amo has set up headquarters where local residents can find the latest aids for the patio chef. Professional demonstrators from leading housewares companies will visit the store between now and May 31 to give skilled instructions in inventive and serviceable cooking devices. Among items to be featured are barbecue equipment, electric carvers, roasteries, electric serving plates, outdoor griddles... even an ice cream freezer.

The demonstrations are part of The Broadway's storewide "Go California" salute, spotlighting the state as the casual living capital of the nation.
